

5th Grade Week 1

Learning Opportunities

*** These are educational opportunities offered to allow your child to keep working on skills. They are not mandatory or graded.

Monday	Tuesday	Wednesday	Thursday	Friday
Write a short story following the structure ESCAPE.	Chart the hours of daylight for one week. Record observations.	Watch a movie and determine the lesson the main character(s) learned.	Choose a science experiment and try it at home for your family.	Ask a family member to draw you a picture of a person. Practice writing a character snapshot to describe the person.
Check the temperature throughout the day and create a bar graph. Write 2 things you notice about the data you collected.	Conduct an interview and practice writing dialogue with correct punctuation.	Play a card game to practice your multiplication facts.	Draw a picture book with NO words. Make sure your reader will be able to figure out the problem and solution!	Measure your bed using paperclips, pennies, cereal, toys, or anything that you want. Find the perimeter and the area.
